2018 GIVING REPORT

www.gianfortefoundation.org
Our vision is to see individuals and families flourish, spiritually and economically.

In 2018, the Gianforte Family Foundation gave 174 grants toward work within our focus areas, and over $9 million. As you read the following pages, which outline our giving numbers both this past year and since our beginning fourteen years ago, know that behind the numbers are people - people being helped, and people giving of their time and talent to do the important work of these many non-profit organizations.

It's people who make the difference. We love creating relationships with non-profit leaders who are the boots on the ground, and we love helping people who are hurting or struggling, through these organizations. Love for people is at the core of what we do.

Thanks for reading about our work. If you ever want to learn more about us, you can visit our website or contact me.

In 2004, we started the Gianforte Family Foundation. We have been blessed abundantly, and want to use our resources to help other people.

We have many passions. We want to strengthen our state and local communities by providing opportunities for better education and jobs. We want to show charity to those without enough food, shelter, or loving support. We want to equip those in ministry. We want to nurture healthy kids and family relationships. And the list goes on...

Every story or smiling photo from a grant recipient reminds us that through our gifts, individual lives are positively impacted. We are humbled and thankful to be serving in this way.
